Lexan* CTG Sheet

Product Datasheet

Description

Lexan* CTG is a two sided hard coated polycarbonate sheet offering high heat resistance, excellent dimensional stability and impact performance combined with superior optical properties for see-through applications. The clarity, ease at die cutting and formability of Lexan CTG sheet makes it an excellent candidate for applications like: motor helmet visors, industrial visors and goggles, sport goggles, police helmet visors and sunglasses.

Chemical Resistance

Lexan CTG sheet has sufficient resistance to most moderate chemicals. In applications where it will come into contact with aggressive chemicals, specific (application related) testing of the material is strongly recommended.
